RE: DES Wetlands File #2002-02041, 1018 Ossipee Lake Road, Freedom

Dear Ms. Carr:

On August 28, 2003, the Department of Environmental Services ("DES") issued Letter of Deficiency WET 2003-23 ("LOD") for the installation of a seasonal dock without a permit from DES regarding the above-referenced property. The LOD requested that the seasonal dock be removed or an after-the-fact application be submitted to DES to retain the dock.

As a result of documentation received confirming that the seasonal dock has been removed, it has been determined that the deficiencies described in the LOD have been corrected.

DES will close its enforcement file regarding the property at this time. DES reserves the right to reopen this matter should additional information be received regarding additional violations on the Property.

Please be advised that further work in wetlands, waters of the state, the upland tidal buffer zone, the bank, flat, sand dune, or other areas of jurisdiction of the Department requires a posted, approved permit prior to carrying out such work.

Thank you for your assistance in bringing this matter to a resolution. Should you have any questions, please contact me at (603) 271-4056 or by e-mail at [lmagoon@des.state.nh.us](mailto:lmagoon@des.state.nh.us).

Sincerely,
